1       (c) STUDY.—

2           (1) IN GENERAL.—The Secretary of Transpor-  
3       tation, in consultation with appropriate agencies,  
4       shall conduct a study to determine—

5           (A) the volume of critical components nec-  
6       essary to meet the expected demand for domes-  
7       tic electric vehicles through 2050;

8           (B) the current capability of meeting such  
9       expected demand; and

10          (C) the obstacles to increasing domestic  
11       production to meet such expected demand.

12          (2) RECOMMENDATIONS.—The Secretary of  
13       Transportation, in consultation with appropriate  
14       agencies, shall make recommendations to accelerate  
15       domestically sourced supply of critical components  
16       necessary to meet the expected demand for domestic  
17       electric vehicles determined under paragraph (1).
