Hon. Peter DeFazio  
Chair  
Transportation & Infrastructure Committee  
U.S. House of Representatives

Hon. Sam Graves  
Ranking Member  
Transportation & Infrastructure Committee  
U.S. House of Representatives

Dear Senators Carper and Capito, and Representatives DeFazio and Graves:

The National Association of Flood and Stormwater Management Agencies (NAFSMA) thanks you and your staff for all your efforts to develop a bipartisan agreement on the Water Resources Development Act of 2022 (WRDA 2022).

NAFSMA represents flood control, flood risk and stormwater management agencies throughout the country, many of which are non-federal partners of the U.S. Army Corps of Engineers on flood risk management and ecosystem restoration projects.

NAFSMA strongly supports passage and enactment of WRDA 2022. This action is necessary to keep the policies, projects and funding priorities authorized and moving in a timely manner.

Again, NAFSMA appreciates your support of the nation's flood risk management efforts.

Please reach out to me with any questions at 202-289-8625 or [sgilson@nafisma.org](mailto:sgilson@nafisma.org).

Sincerely,

Susan Gilson, Executive Director
